

Final Workshop “Caspian Water Quality Monitoring and Action Plan for Areas of Pollution concern”

Ashgabat, 04.07.2009

The EU Tacis project “Caspian Water Quality Monitoring and Action Plan for Areas of Pollution concern (CaspianMAP)” has the pleasure to announce its Final Workshop, which will be held on July 28 and 29, 2009 in the President Hotel in Ashgabat, Turkmenistan.

Representatives from the Caspian riparian countries and international organisations will attend this workshop.

The first day of the workshop will be devoted to the Regional Water Quality Monitoring Programme as developed by the project in support of the Strategic Caspian Action Programme under the Tehran Convention. Also the results of the sampling cruises that were organized by the project will be presented.

The second day of the workshop will discuss the Inventory of Pollution Emissions from Land Based Sources, as conducted by the project, and the Regional Pollution Action Programme as developed by the project in support of the Strategic Caspian Action Programme under the Tehran Convention.

This project is funded by the European Commission

The project is implemented by DHV BV, in joint venture with COWI A/S, ECORYS and DELTARES

Under the umbrella of the Caspian Environment Programme

The European Union numbers 27 Members States: 27 different nations determined to shape their future closely together. Over a period of enlargement of 40 years, they have, together, built a zone of peace, stability, progress and solidarity. The European Union is a model for overcoming conflict and promoting reconciliation through close co-operation to achieve common goals, while respecting national sovereignty and territorial integrity. But the EU is not focused on itself: its ambition is to share its achievements and its values with countries and peoples beyond its borders.

The European Commission is the EU's executive body.
